Pursuant to RPT Rule No. 43 - Candidate Platform Review

Any candidate running as a Republican for any public office on any ballot in the State of Texas shall be provided a Texas Republican Party Platform by the Republican Party of Texas, upon which each candidate may indicate whether or not they have read the Platform and indicate, for each bullet item of the Party Principles included in the Preamble of the Party Platform, whether the candidate agrees, disagrees, or is undecided, as to each item, with comments if desired. The candidate's completed platform principle list response shall be made available by the appropriate party official at reproduction costs to any person requesting such.

1. We respect and cherish the Declaration of Independence, the Constitution, and our Founders' intent to restrict the power of the federal government over the states and the people. We believe self-government, based on personal integrity of a proper moral foundation, is the best government. This is best balanced with limited civil government, coupled with public trust, to provide collectively for the people those services not efficiently achieved individually.

2. We believe that human life is sacred, created in the image of God. Life begins at the moment of fertilization and ends at the point of natural death. All innocent human life must be protected.
